

PURCHASE ORDER TERMS & QUALITY CLAUSE CONDITIONS

TERMS AND CONDITIONS FOR ALL ORDERS

A: Seller shall keep confidential all technical and proprietary information furnished to Seller by Buyer in connection with this order, including blueprints, data, designs, drawings, engineering data for production, product know-how, and any other information furnished to Seller by Buyer in connection with this contract. Seller shall not use such items or information in the design, manufacture, or production of any goods, or for any other purchase or for the manufacture of production of larger quantities than those specified, except with the express consent in writing from the Buyer. Seller, including its agents, employees, and representatives will exercise extreme caution to prevent disclosure of such information to third parties. The obligations of this provision shall survive the completion of performance and expiration or termination of this contract.

B: Buyer and authorized representatives of Buyer's Customers and / or Regulatory Authorities shall have direct access to all applicable areas of all Seller's and Seller's Subcontractor's Plants(at any level of the supply chain) where work under this P.O. is being performed, to review progress, records and witness testing of the items related to this P.O. Seller shall include this clause in all of Seller's subcontracted Purchase Orders.

C: Prior to shipment, Supplier shall notify Alpine Bearing West if a non-conformance condition exists with the product and obtain approval for nonconforming product disposition.

D: Supplier shall notify Alpine Bearing West of changes in product and/or process changes of suppliers, changes of manufacturing facility location and, where required, obtain organization approval.

E: Supplier shall flow down to the supply chain the applicable requirements including customer requirements.

F: Quantity variances and / or partial shipments are not permitted unless prior written authorization is received from the buyer.

G: All goods supplied shall be suitably packaged to protect, marked, and shipped in accordance with buyer instructions. In the absence of instruction, Supplier shall contact the Buyer. All supplied goods will be returned to the Supplier for inspection if parts are received damaged.

H: Accelerated delivery is not permitted. Any modification to the delivery schedule requires written authorization from the buyer.

I: Records of product origin, conformity, and shipment shall be maintained for a minimum of twenty-five years, or as required by contract.

J: Supplier must have a process in place that designates the disposition of records after retention requirements are met.

K: Supplier must have a process ensuring that personnel are aware of:

- Their contribution to product or service conformity;
- Their contribution to product safety;
- The importance of ethical behavior.

L: Supplier must have a process in place to prevent the use of counterfeit parts.

M: Vendor must maintain a Quality Level $\geq 98\%$ and an OTD level $\geq 98\%$. If levels drop below target, supplier will be notified and may be placed on conditional status.

PURCHASE ORDER TERMS & QUALITY CLAUSE CONDITIONS

ADDITIONAL QUALITY CLAUSES

Q01: CERTIFICATE OF CONFORMANCE AND/OR AIRWORTHINESS CERTIFICATE

Supplier Certification of Conformance or Air Worthiness Certificate is required with this order. A legible and reproducible Certificate of Conformance, Air Worthiness Certificate or Seller's statement of quality will accompany each shipment. Certifications must show the part number, quantity, specification, and revision number, and have a legible printed and signed signature and title of responsible person signing the certification. This certifies the material / services provided by the seller meet all drawing and / or specifications requirements. Records supporting this certification shall be on file and shall be provided to Buyer upon request at no cost to Alpine Bearing West

Q02: MANUFACTURE CERTIFICATION

A copy of the manufacture certification is required with this order. Certifications must show the part number and the date of manufacture.
